Ford / Mazda 3.0L V6 Duratec AJ. 7/2003 – On

PART NUMBER'S W8183AHK W8183HDHK

The original design of this water pump has been superseded by the manufacturer. The original water pump with provision for a pulley has been superseded by one without. A new stretch fit belt is therefore required and is now fitted just between the water pump pulley and the camshaft pulley.

The new stretch fit belt included should be fitted around the two pulley's first while the water pump is still loose in the engine block then tighten to OE specifications.

New OEM # AJ04-15-908
3PK636SF (GATES BRAND)
