A: 8.30mm Wide

B*: 6.30mm Wide

B: 8.65mm Pitch

NTC21 & HYTK31 include 6.30mm chain width & NTC12 & HYTK23 include 8.65mm chain pitch- refer to measuring point diagrams

Whenever changing timing components and VVT assemblies, carefully inspect components being removed and being replaced, ensuring the correct width profile of all three components are matching. Failure to do so will cause immediate engine damage.
